A brand new argument
for Clothcraft Clothes

It means a lot to us, as well as
to you, what make of clothes we sell
at \$10 to \$20.

If we don't give you the best, we
lose hundreds of dollars in possible
business.

When we say "Come in and try
on a Clothcraft Blue Serge Special,"
our confidence is based on the absolute
fact that no other line has brought
back to the store so many pleased and
satisfied old customers.

There's the best proof of the value
of Scientific Tailoring—that first
saves money and then puts it back
into the clothes and adds an absolute

Bowling Poynter.

Bowling Poynter died last week
at his home in London, aged 76
years. He was born in old Sink-
ing Valley, Putaski county, May
18, 1838.

When he was a small child, his
father, Jas. Poynter, moved and
settled near Rockcastle Springs,
where he spent his boyhood days
and early manhood days. Bow-
ling Poynter served efficiently in
the union army until he was dis-
charged at Nashville for disabili-
ty. After partially recovering
he went on foot to Bowling Green,
and by train to Louisville, where
he was under care of physicians
for a few weeks before return-
ing home, by train to Lexington,
by stage coach via Danville and Stan-
ford to Somerset, then by foot to
Rockcastle Springs. After a few
months he sufficiently recovered
to enlist again with the govern-
ment, this time in the wagon ser-
vice between Camp Dick Robin-
son and Cumberland Gap, over the
old Boone Trail, or Wilderness
Road.

The name Poynter is closely
connected with the early history
of Kentucky.

John Poynter, together with
two or three brothers, landed from
England at Cape Henry, Norfolk
Va., about 1770. "The Great
Woods," known as the Transsyl-
vania Country, and later Ken-
tucky was known far and wide
among the early Virginia Colon-
ists. Boone had blazed the trail,
via Cumberland Gap, which was
easily followed, but hazardous and
dangerous on account of so many
hostile Indians. For protection
immigrants came in groups as
military companies, under cap-
tains. Thus, thirty-six strong
brave men under the leadership
of Captain John Boyle, in 1780,
allied by common agreement and
using the motto which later be-
came the motto of our state.
"United we stand divided we fall,"
settled on Dick's river, now Crab
Orchard, Lincoln county, and built
a fort, or stockade. John Poynter
leaving his brothers to settle in
Virginia, was one of the thirty six
and he remained here the rest of
his life. He married and raised a
large family.

BROADHEAD.

On last Monday night the stock
holders of the Broadhead Fair Asso-
ciation met at the Citizens Bank
Hall, and to say that enthusiasm
reached a fever heat would only be
putting it lightly. A number of
speeches were made by the var-
ious members, but the one that
received most applause was deliv-
ered by Clint Lear, of the Hiatt
section. At the close of his re-
marks he proposed that a vote be
taken to ascertain how many
present was willing to donate one
day's work, those having teams to
bring them, together with plows,
wagons, harrows, rollers, etc.,
and those less fortunate to bring
axes, mattocks, saws, hammers,
and all kinds of working tools, and
give one day free labor. This
seemed to meet with the approval
of every one, and Wednesday the
17th was set apart as Free Work
Day. In order to be fully ready
for this big day's work the man-
agement are making great prepa-
ration to get some of the minor
things out of the way and have
everything ready for completion
on next Wednesday. We expect
every stockholder to be present,
and cordially invite those who own
no stock to come and help us that
day make a home for the Broadhead
Fair Association. Ice-water and
shade will be in abundance, and
doubtless delicious surprises are
in store. Let everybody come or
send their representative—Master
Austin Sparks Durham is with
Mr. and Mrs. J. F. Watson this
week.—Miss Ella Carson returned
from Mt. Vernon, Tuesday, where
she spent several weeks at the
Langdon Dormitory.—A. M. Hiatt
and John Robins were appointed
Town Trustees to fill the vacan-
cies caused by the resignation of
C. H. Fjith and A. E. Albright.—
Henry M. Brooks was here be-
tween trains Sunday, with his
uncle, W. T. Brooks. Henry has
recently been promoted to fore-
man of a bridge crew, and we are
proud to know that he is making
good.—Ed Hurt was here a few

days ago visiting his father and
brother.—Ab Winkler, of Louis-
ville, who recently underwent a
very serious operation, was the
guest of his father near here a few
days last week.—Judge G. M.
Ballard, L. W. Bethurum, T. J.
Nicely and County Attorney E.
R. Gentry, were in town last week
—I. B. Chestnut and his cousin,
Mr. Griffith, were in town last

sition in Virginia that pays him a
good salary. He is teaching Agri-
culture and his many friends in
these parts are glad that he is
making such a decided success.—
The Board of Education for this
Sub District met here last Satur-
day, and elected teachers for the
coming year. They will move here
about July 1st.—Miss Robert Al-
bright, of Stanford, was with her
mother, Mrs. Bettie Brown, a few
days last week.—Ben Pike was
here from Casey County from Sat-
urday until Monday. Ben is
looking after the interests of The
Lyons Lumber Co., in Casey. He
returned Monday, Mrs. Pike and
her sister, Miss Sue Cable, accom-
panied him.—Mrs. Walter Smith,
and her sister-in-law, Miss Lucy
Smith, of Crab Orchard, were the
guests of her parents, Mr. and
Mrs. J. M. Owens, during the
week.—Miss Gertrude Martin,
the beautiful daughter of Mr. and
Mrs. R. S. Martin, and Byron
Owens, son of Postmaster and
Mrs. Granville Owens, boarded
the early train last Friday morn-
ing for Jeffersonville, where they
were married. Mr. Owens and
Miss Martin had been sweethearts
since childhood almost, and their
marriage was not at all a surprise.
We join their many friends in
wishing them happiness thru
their wedded life. They are now
keeping house where Prof. T. H.
Lukins vacated.—Mrs. W. F. Car-
ter and children are visiting rel-
atives in Shelby County. They
will probably remain there for two

or three weeks. The Doctor spent
Monday and Tuesday with them in
Shelbyville.—Miss Mary Proctor
is assisting the Citizens Bank
force now. We understand that
Mrs. L. M. Brown has offered
her resignation to take effect July
1st as book-keeper, and at that
time Miss Proctor will assume the
duties of Mrs. Brown.—The sad
news reached us Monday morning
that Shirley L. Tate was dead at
his home in Sweetwater, Tenn. It
came as a great shock to his many
friends here, as but few of them
knew that he was sick, and none
knew him to be seriously ill. His
widow used to be Willie Benton,
who lived here with her parents.
We extend to all the bereaved ones
much sympathy.—John Rigby,
of Preghersville, was here Tues-

bright, of Lebanon Junction, was

tor of The Walnut Grove Roller
Mills, and son Joe, were here dur-
ing the week.—State Senator Joe
F. Bosworth, of Middlesboro, ad-
dressed a small but appreciative
audience here Wednesday after-
noon. Senator Bosworth has
many friends in this vicinity.

DEAFNESS CANNOT BE CURED

by local applications, as they can-
not reach the diseased portion of
the ear. There is only one way
to cure deafness, and that is by
constitutional remedies. Deafness
is caused by an inflamed condition
of the mucous lining of the Eus-
tachian Tube. When this tube is
inflamed you have a rumbling
sound or imperfect hearing, and
when it is entirely closed, Deafness
is the result, and unless the
inflammation can be taken out and
this tube restored to its normal
condition, hearing will be destroy-
ed forever; nine cases out of ten
are caused by Catarrh, which is
nothing but an inflamed condition
of the mucous surfaces.
We will give One Hundred Dol-
lars for any case of Deafness (caus-
ed by catarrh) that cannot be
cured by Hall's Catarrh Cure.

Schools for Your Children.

You.

Mothers of this community!

You have children to educate.

You want good schools that your

children may have advantages

equal to those given the children

of the mail-order man in the city.

Do you not know that when you

buy of the mail order man instead

of the merchants of this town you

are taking away from the opportu-

nities your children should have?

The schools are supported by

taxes of which the mail order man

does not pay one cent in this town

but the money you are sending to

the city means greater wealth and

more money in the funds of the

city, and less wealth and less

money in the school funds of this

town.

Why not assist in educating your

own children?

You can do it by spending your

dollars with the merchants who

are assisting in keeping up the

schools here instead of sending

them to the mail order man.

You mothers can be boosters

for this town and your own child

ren if you will.

Think it over.

Powers A Fakir

Artful in Duplicity and Strong
On His Mix-Up in the
Goebel Affair.

Advertisement

The press in the 11th district
last week was well supplied as to
why Powers should be returned
to Congress. This stuff is similar
to what the people have heard so
much of before. It is a matter that
has no place in this campaign be-
tween two Republicans aspiring
to the nomination to Congress
from this great Republican district
especially by Powers, in that his
opponent makes no charge that he
was guilty in the Goebel transac-
tion and has no issue with him as
to whether or not he got a square
deal.

It is assumed the 11th district
which is composed of people of
high culture, aspiring for progress
and the development of our un-
usual gift of natural resources,
desires the election of a Representa-
tive who can command the action
of the nation to our dues. In this
assumption there should not be
any anticipation that the voters
will be interested in the inference
that because Powers was arrested
by Bosworth's brother, who was
sheriff of Fayette county, Senator
Bosworth is not deserving of the
support of the people; nor is there
in this charge except the rot, that
Bosworth is a Democrat. Powers
himself, assisted in having Bos-
worth put on the Republican State
Central Committee; assisted in his
election to the Senate, both in his
candidacy for the nomination and
in the general election. Further
more Bosworth has held office as a
Republican for 15 years in the ca-
pacity of city attorney, councilman
and police judge of Middletown
and subsequently in the House of
Representatives and as Senator.
The Republican party at home
and throughout the State have com-
mended his efforts and recognized
his achievement by putting him
the State Central Committee from
the State at large.

Undoubtedly the real fault that
Powers sees in Bosworth is his
success as a lawmaker; is the en-
thusiasm the people of all parties
and the press have for his good
roads legislation; his fight for a
fair primary law; restricting the
State so Republicans may be on
an equality with the voters of
other parties; the enacting of laws
creating new judicial districts in
this section of Kentucky to enable
poor litigants to have their rights
adjudicated; the passing of a work-
men's compensation act, which
enables the injured laborer to be
compensated and in case of death
his family fully paid for his life,
whether such person was in fault
or not; persistently advocating the
cause of temperance in accord
with the best thought of temper-
ance people and numerous other
acts, as against Powers' record of
not a single achievement; as
against unwar law passed of which
he was the author during his
terms as our Congressman.

Well might the artful duplicity,
the unjustifiable accusation by
Powers that Henry Bosworth mis-
treated him as a prisoner; the
statement that Bosworth is not a
Republican; the awfulness of Bos-
worth having voted to erect a
monument to Jefferson Davis, find
lodgement in the minds of this
electorate were we not people of
high attainments, possessing al-
ready the appreciation that the
Republican and Progressive part-
ies have, in unbounded magnani-
mity, endorsed the giving of our
money and expressions of our
love to the wounded soldiers and
their widows of the Southland.

And well might Powers fasten
his prejudice and passion upon us
people, his trickery and question-
able accusations, if there were no
newspapers printed now a days
and no public schools for the en-
lightenment of our children and
teachers to sharpen their minds
to differentiate between merit and
the pretensions of it.

—Pinnacle News

POWERS vs. BOSWORTH

The Pinnacle News is progres-
sive and will support a Progres-
sive candidate for Congress in this
district this Fall if the party
should have a candidate. For
this reason we can watch the con-
flict between Powers and Bos-
worth with an old boot already
lifted to hit the victor. Quite
naturally we are interested who
this will be. Unquestionably it
is not a one-sided race, as was the
case between Powers and Ed-
wards. Since Powers' first vic-
tory he has been gradually on the
decline. In this section and in
some of the neighboring counties
his friends have left him similarly
to the way a snowball melts in
July. He has no Old Guard left
where he once was greeted by
thousands; where people rode
miles to enthusiastically grasp his
hand, they will say to you today
he has not a corporal's guard for
the nucleus of an organization.

This condition of affairs he may
be able to overcome; his old story
may prove artful again. It is
only the old story he can rely up-
on. He will not be able to point
to any achievement in Congress as
an excuse that he should be re-
turned. His Congressional ca-
reer has been a complete failure.
Gran Philpot's saying, "You
might just as well have writ a
postal card," is an uncontradicted
truth with which the Republican
voters of the Eleventh have to deal
this year. Powers will answer
this, no doubt, by saying: we have
a Democratic Congress. This will
be some argument if he succeeds
in keeping from the people the
brilliant record that John Lang-
ley, a Republican of our neigh-
oring district, has made in the same
Congress. And his opponent,
Bosworth, will be able to show
that in a Democratic Senate at
Frankfort he was able to have
more important bills enacted than
any of his Democratic colleagues.
The laws that Bosworth made are
endorsed by the best thought of
the State and recognized to be of
more real worth to the mountains
than any legislation enacted for
years. In attacking these laws
Powers will be confronted by the
judgment of all the people, irrespec-
tive of political affiliations,
against him. Besides he will
have nothing to offer from his
standpoint as a legislator.

Judge Chint Kennedy, of Monticello,
as we remember, formerly
made the statement that in send-
ing Powers to Congress the Re-

publican party of this district
demonstrated that it had more
sentiment than sense. Judge
Kennedy is now supporting Pow-
ers in the belief, no doubt, that
he takes sentiment to get into office.
His conclusions may be right this
time, but sooner or later the
people of this district will, perforce
awake to the realization that real
goods must be delivered to us by
our Congressmen in Washington
in order that we can take our
rightful position in the advance-
ment that our wealth and sincere
desire for progress merits.

We hope our next Congressman
will be progressive. Bosworth's
old school ideas of Republicanism
doesn't suit us. Should be be-
elected however, there is no doubt
he would be able to do a great
deal for the district. Any man
can do more than Powers. This
Power's friends admit, but exco-
nise can idly in the behalf that
he needs further vindication. No
claim is made by them that the
district need a Representative.

BURNING MONEY

United States Treasurer John
Burke, in a recent address before
a Banker's association, gave sur-
prising statistics in regard to the
careless carelessness of people
about the safe keeping of money.
Every fall, he says, the treasurer's
office receives many fragments of
burned paper money which has
been stored in stoves or ovens
during the warm weather, and the
biding places forgotten until the
awful discovery of the charred
bits baked out after fires have
been built with the approach of
frost. About 2,000 such cases are
received yearly, coming first from
the north sections and by degrees
from the warmer zones. This, he
said, is the treasurer's means of
tracing the frost from Canada to
the Gulf.

using
Duntley

Combination Pneumatic Sweeper

Release from broom drudgery—from the strain of mov-
ing and lifting furniture and from the dangerous scattering
of dust and germs that are raised by the use of the broom
and the old fashioned carpet sweeper, can be attained by
the use of the Duntley Combination Pneumatic
Sweeper, which, although easily operated by hand,
creates powerful suction force which draws out all the dirt
and dust found in your rug and carpets and at the same
time the revolving brush picks up all lint, pins, threads,
ravelings, etc.

THE DUNTLEY SWEEPERS are made in three sizes and sold
under a rigid guarantee for one year. You may try a Dunt-
ley in your own home for 10 days Free of Charge.

Paint is liquid money. You spread it
over your house and then sun, wind, rain
and dust beat upon it in the effort to
wear it out and get at the wood. Bye
and bye you have to do it all over again
—but less often with

Hanna's Green Seal Paint

than with others. When you think of the
cost of paint and painting, remember that one-
third is paint and two-thirds labor.

It costs more to put on a poor paint than
a good one. Use the paint that lasts longer.

The electric lights were turned
on in Mt. Vernon for the first
time last Saturday night and the
citizens witnessed a sight that
many said would never be, the
streets and houses of Mt. Vernon
illuminated by a first class up-to-
date electric light plant. The
little meeting held in the Masonic
hall last January, when some
thirty or forty men and women
met to talk electric lights for Mt.
Vernon, meant more than the ma-
jority of the people thought and
as time goes by the effects for
good will be realized more and
more. This will mark a new
epoch in the history of Mt. Ver-
non and only time will prove the
wisdom of those who have been
so tireless and unrelenting in
their efforts to establish such a
plant. The machinery was
bought from the Jas. Clark Jr.,
Electric Co., of Louisville, repre-
sented by Mr. W. W. Crooker,
who has made several personal
inspections, the machinery was
set and first put in motion by
that high class machinist, Mr.
George Cain, of Louisville and
with Mr. Jesse Malone, the elec-
trician who has been on the elec-
trical end since work began to see
that the electric side was O. K.,
the initial start was made and to
the perfect satisfaction of all. For
a short time the lights will only
be on until 12:30, but before many
weeks the service will be all night.
J. G. Fisher expert electrician
the Kentucky Actuarial Bureau
was here Wednesday to inspect
the wiring done by Jesse Malone
and in every case the work was
pronounced O. K.

which has occurred here in a long

C. Williams and Mrs. Cleo Brown,
was born and reared in Mt. Vernon,
where he has many personal and
admiring friends.

TATE:—We do not recall the
time, when our whole town was
more completely upset, than last
Monday when the message came
to Victor C Tate announcing the
death of his brother, Shirley, at
Sweet Water, Tenn. For more
than thirty days he had been very
sick and about a week ago under-
went an operation to remove puss
from the lung caused by an abscess
but the local physicians who had
charge after the operation, less
than ten hours before his death,
told his brother Victor, when he
left Sweet Water, to return to Mt.
Vernon, that Shirley was doing as
well as could be expected and
would be able to follow on in a
week's time. About 2 a. m. Mon-
day the heart ceased to perform
its functions, suddenly dropping
from 140 to 50 pulsations per min-
ute, and in less than two hours
from that time, the spirit of the
noblest of noblemen took its flight
to the God above.

The deceased was 24 years old
a splendid druggist and true type
of Kentucky manhood. For
several years he was clerk for Chas.
G. Davis the local druggist, took
a course at the Louisville school of
Pharmacy, passed a most credi-
table examination under the State
Board of Indiana; then took a place
with the Carroll Drug Co., of
Morristown, Tenn., where he
worked for several months and
less than a year ago formed a part-
nership with a Mr. Childress of
Sweetwater, Tenn., under the firm
name of Tate & Childress. He
rapidly grew in favor and admira-
tion of the people of Sweetwater,
and at the time of his sickness
was enjoying a splendid run of
business. Less than two years ago
he was most happily married to
Miss Willie Benton, who is heart
broken at the irreparable loss
which seems to her almost un-
bearable. The remains were brought
here on the early train Tuesday
morning and taken to the home
of Mr. and Mrs. J. P. Griffin, being
deemed inadvisable to go home
on account of the serious illness
of his mother. The fact that she
was unable to see him, when she
had so anxiously awaited his re-
covery and his coming to see her,
made it all the more pathetic.
Yet she realized that her life de-
pendent upon it, and when asked
by her son Victor what to do said:
"Don't bring him home." Short
services were held by Mr. W. H.
Cox and at 3:30 p. m. the body was
laid to rest in Elmwood cemetery
to await the final summons.
Peace to his ashes, glory to his
immortal soul.

J. J. Bethrum, student at Cen-
ter University and Miss Martha
Sparks won first in the floral pa-
rade at Danville Tuesday. This is
one of the noted events and at-
tracts much attention in that
town.

Bill Noe sold his stock of
groceries to W. H. Brown who
will run the business.

The annual June Oratorical
Contest at Center College was
held this morning in the college
chapel instead of at night, as has
been the custom heretofore.
There were only two contestants
but those who heard the efforts of
these two young men were fully
repaid.

The first speaker was J. J.
Bethrum, of Somerset, represent-
ing the Chamberlain Society, and
the other one was Felix Renick, of
Winchester.

The first prize was awarded to
J. J. Bethrum, whose subject
was "Times Noblest Offering."

The subject of the oration de-
livered by Renick was "The Peril
of Immigration."
The prize is awarded on the
basis of the speaker securing the
highest average on thought com-
position and delivery, there being
one set of judges on delivery and
another on thought and compo-
sition. Upon totaling the per-
centage of the rank awarded it
was found that there was a tie,
which necessitated awarding the
first place on the total of the per-
centages, which gave Mr. Bethrum
a slight advance.

Both speakers are young men of
forensic ability, and their ability
and their efforts were meritoriously
applauded by the large
audience.

The judges on delivery were: Dr.
C. W. Cook, Mr. Hickman Carter
and Rev. H. D. Marun.

Those on thought and composi-
tion were Dr. J. Q. A. McDowell,
Rev. W. O. Saldor, Judge Jay W.
Harlan.—Danville Advocate.

The relatives and friends of
"Jake" as he is familiarly called
in Mt. Vernon are much pleased
to hear of his splendid victory.

That procrastination is the thief of time and would like to cause you to halt from the hustle of business for only thirty minutes and think soberly and seriously and see if you are properly fixed as regards Life Insurance. Don't put it off until it is everlastingly too late, but take it now while there is yet time.

Don't think you are not able to take it but think and see if your wife and family are able to do without it. Why not think as did Geo. F. Root, when he wrote that world renowned invitation song?
